

PRODUCT SHEET

ARTICLE NUMBER: GAT5330

DESCRIPTION: 1.6L CRDi Diesel Belt Engine Setting and Locking Tool Kit

INTRODUCTION

GAT5330 engine setting and locking timing tool kit is used on the 1.6L 4-cylinder CRDi camshaft belt driven diesel engines on Hyundai and Kia models.

This tool kit includes all the tool required for precise locking of the camshaft, crankshaft and tensioner during timing belt removal and installation, ensuring accurate engine timing and preventing potential damage during reassembly or startup.

GAT5298 can be used alongside this kit to lock the flywheel in position during timing belt replacement.

IMPORTANT: Make sure when working on the crankshaft to turn the engine only in the correct direction and ensure timing marks are aligned.
