

# LAUNCH Europe

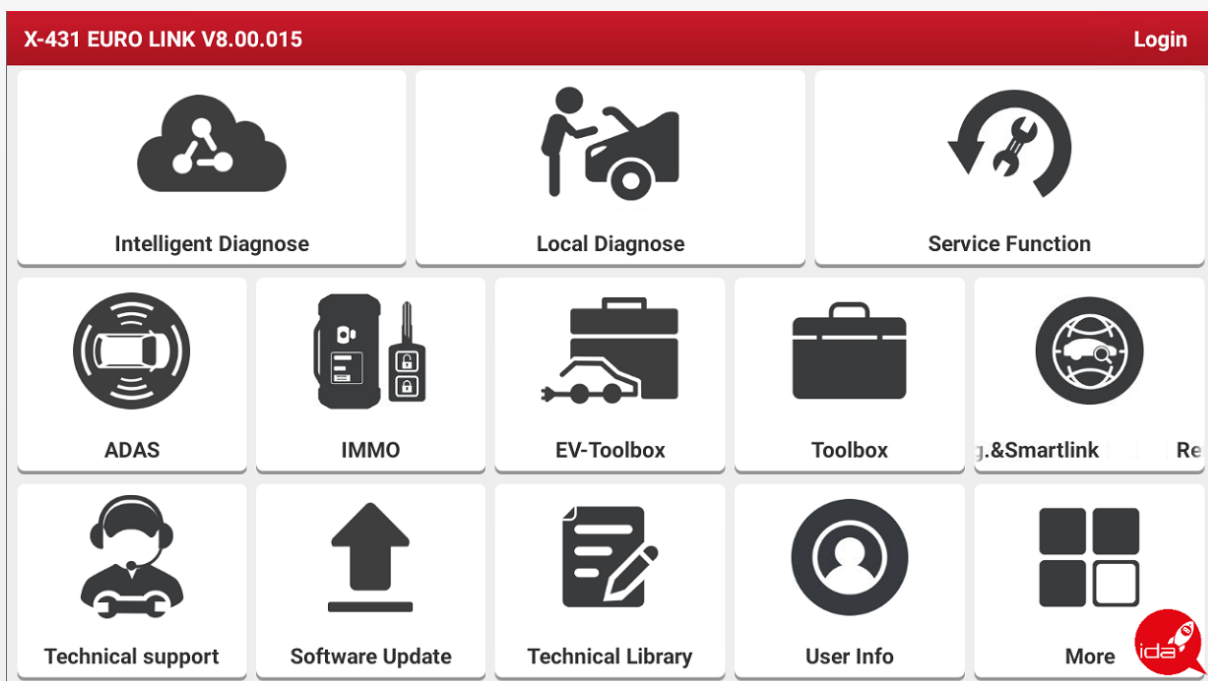

## New registration process

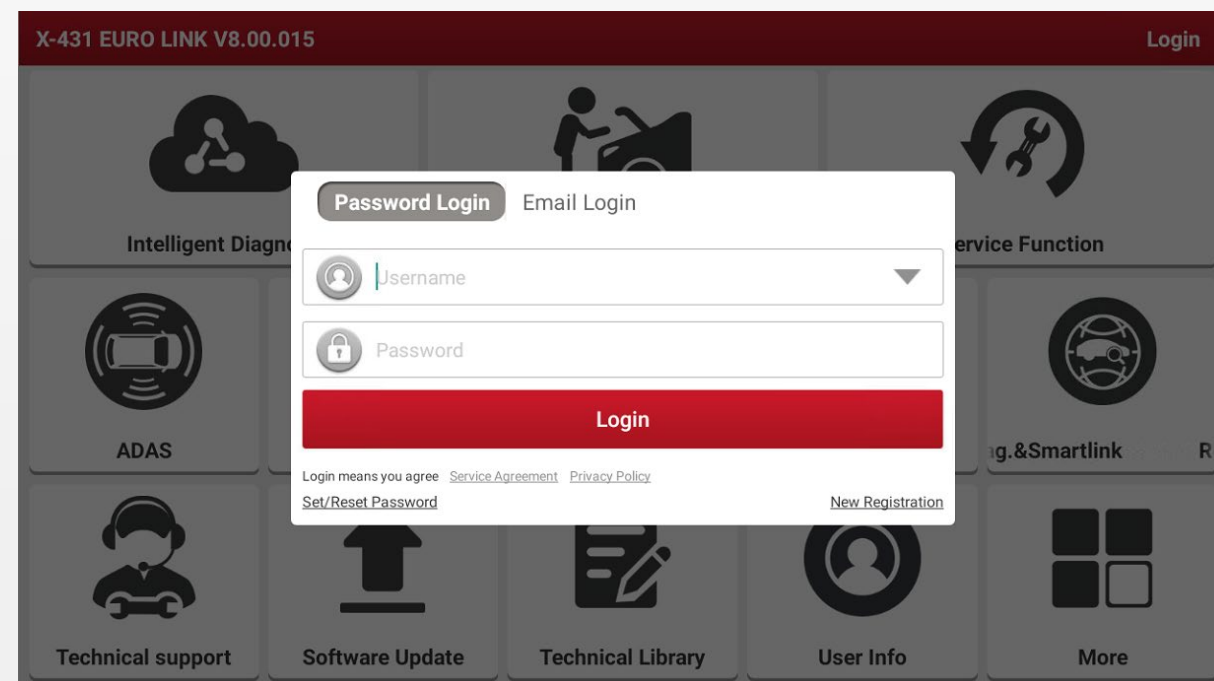

# New registration process

## Registration process on first login

**Step 1:** Tap “Login” in the top right corner

**Step 2:** Tap on „Email Login“

# New registration process

## Registration process on first login

**Step 3:** Enter your Email address and press “Captcha”

The screenshot shows the 'X-431 EURO LINK V8.00.015' application interface. A modal window is open with 'Email Login' selected. It features an 'Email' input field, a 'CAPTCHA' input field, and a red 'CAPTCHA' button. Below the input fields, there is a note: 'Automatic registration and login after new verification, clicking LOGIN confirms that you have agreed the [Service Agreement](#) [Privacy Policy](#)'. At the bottom of the modal is a grey 'Login-Register' button. The background shows a grid of service icons: Intelligent Diagnosis, Service Function, ADAS, Remote Diag.&S, Technical support, Software Update, Technical Library, User Info, and More.

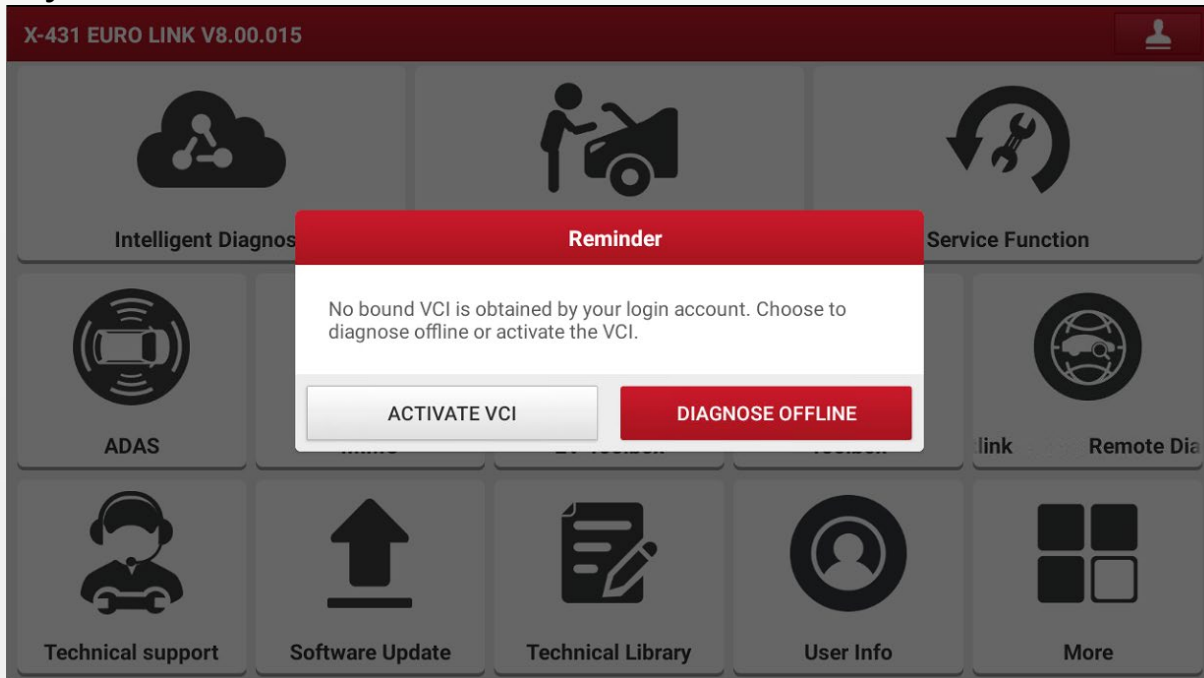

**Step 4:** Enter the captcha from the email you received

The screenshot shows the same application interface as in Step 3. The modal window now displays the CAPTCHA verification step. The 'Email' field contains 'mail.com'. The 'CAPTCHA' field contains '3080'. A grey button next to it says 'WILL BE SENT AGAIN AFTER 33 SECONDS.'. The red 'Login-Register' button is now visible at the bottom of the modal. The background grid of service icons remains the same.

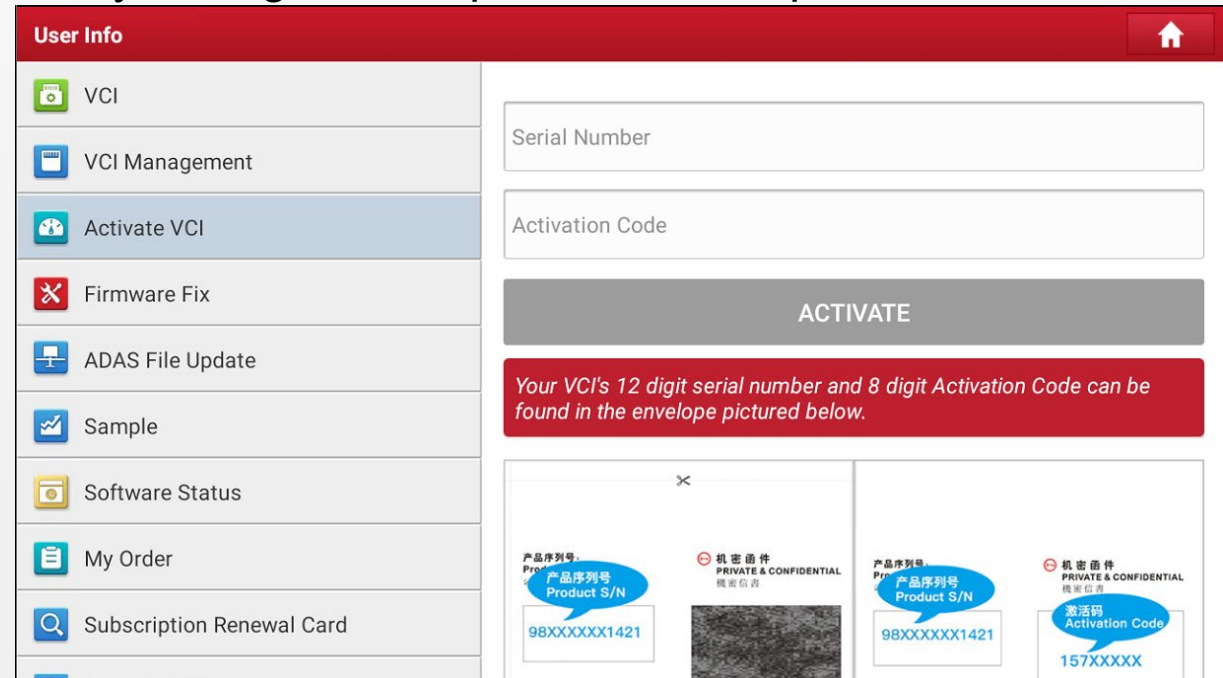

# New registration process

## Registration process on first login

**Step 5:** After successful registration, you must activate your VCI

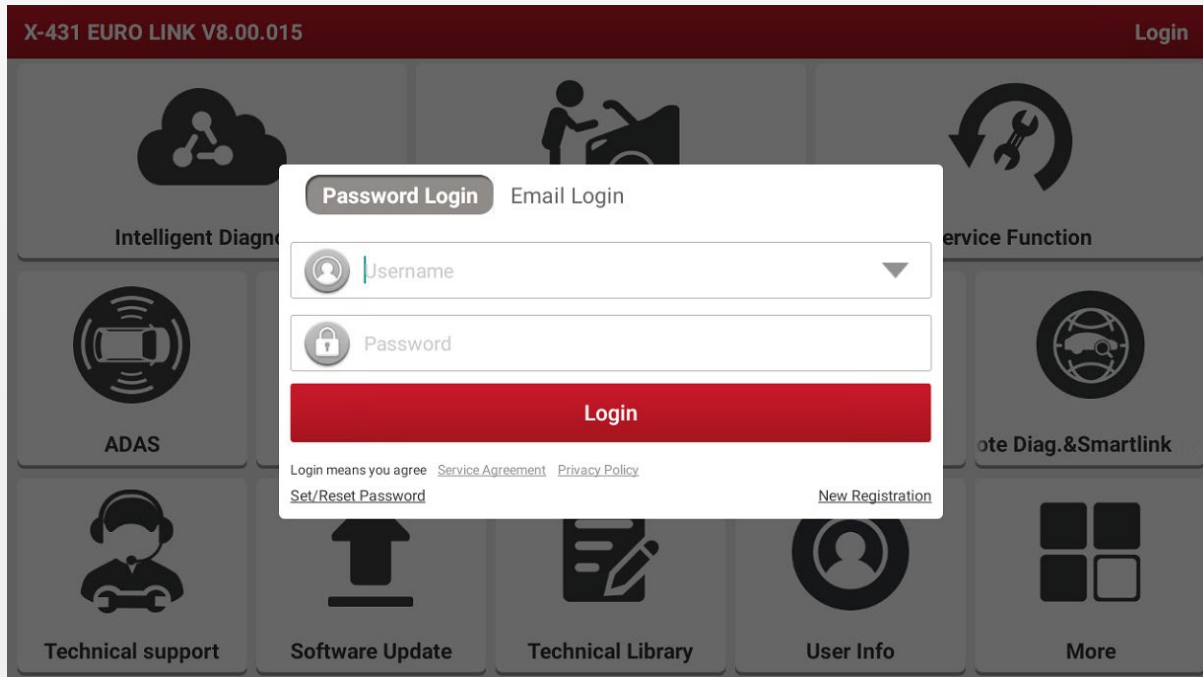

**Step 6:** Enter the serial number and the activation code and your registration process is complete

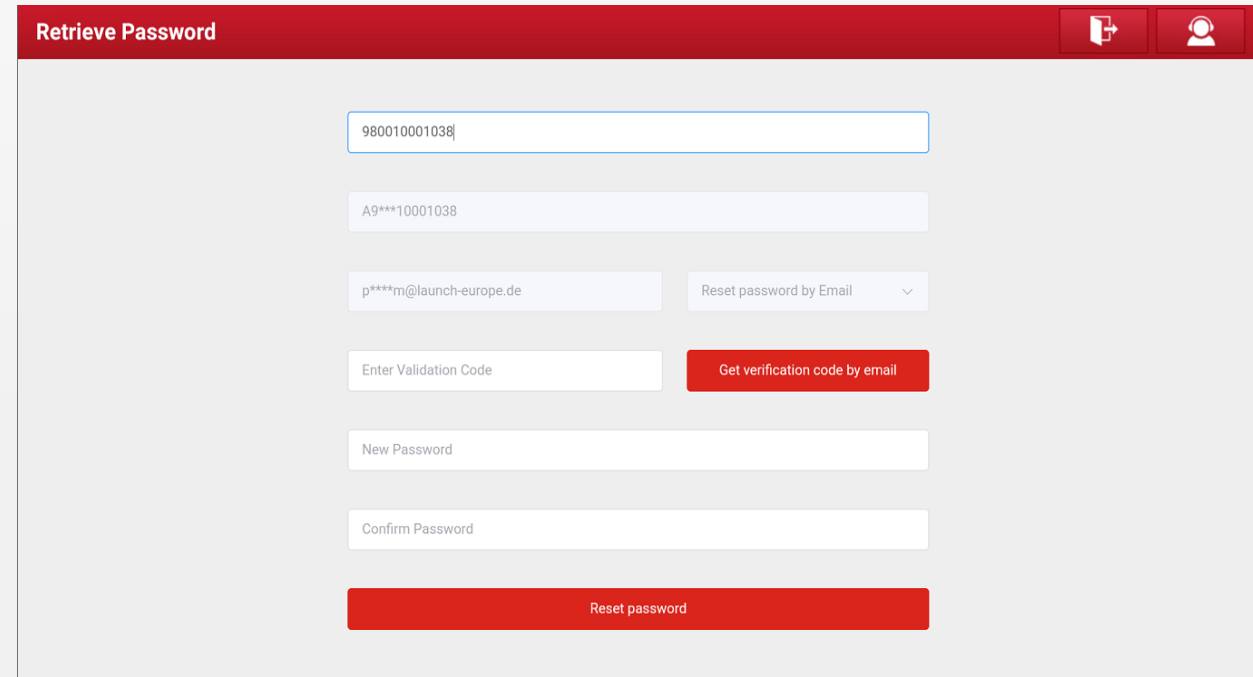

# New registration process

## Set your password for the first time

**Step 1:** Tab on “Set/Reset Password”.

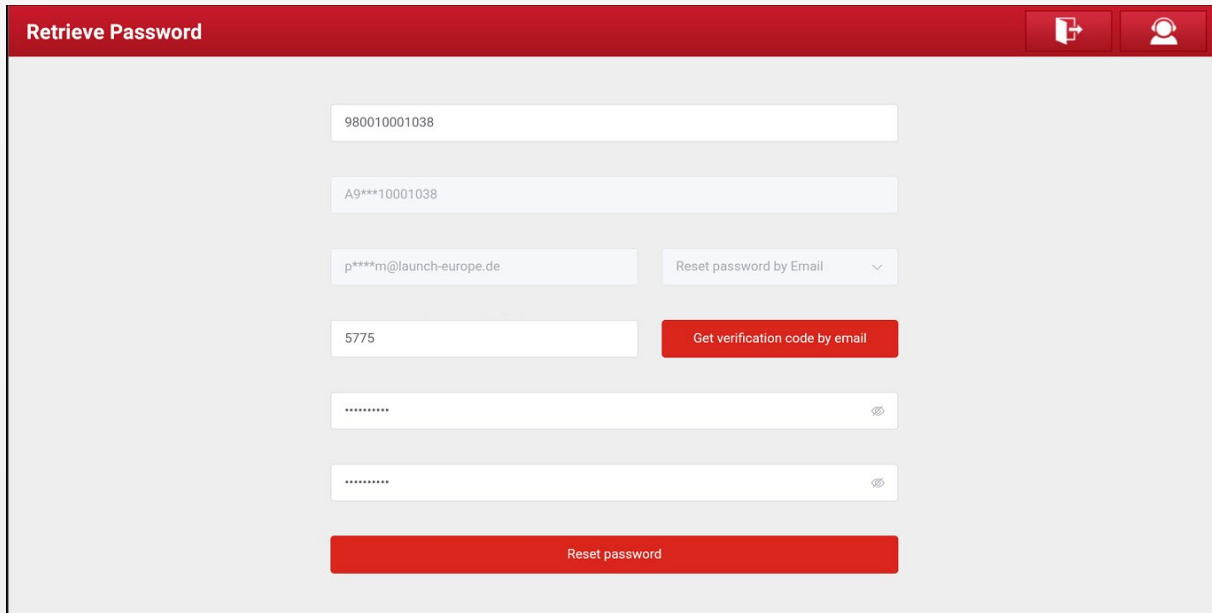

**Step 2:** Enter your serial number and then click on “Get verification code by email”

# New registration process

## Set your password for the first time

**Step 3:** Enter the verification code you received by e-mail, then you can set your password.

The screenshot shows a web form titled "Retrieve Password" with a red header bar. The form contains the following fields and elements:

- A text input field containing the number "980010001038".
- A text input field containing the alphanumeric string "A9\*\*\*10001038".
- An email input field containing "p\*\*\*m@launch-europe.de" and a dropdown menu set to "Reset password by Email".
- A text input field containing "5775" and a red button labeled "Get verification code by email".
- Two password input fields, each with a red eye icon to toggle visibility.
- A large red button at the bottom labeled "Reset password".

# Thank you!
