

Octane Premium

Product properties

With the TÜV-certified Octane Premium, based on the newest additive technology, the RON octane number of the fuel is increased by up to 6 points. For this reason, Octane Premium is ideally suited for use in lowest quality fuels, even in low output conditions the combustion, antiknock quality and the response of the engine is improved significantly. Regular use keeps the fuel system clean (Keep-Clean-Effect).

Area of application

For use in the fuel system of petrol engines.

Application

Fill directly into the petrol tank. Observe mixing ratio.

Consumption

300ml treats up to 60-80 liters of fuel. Mix ratio 1:200

Reaction time

Works during operation

Technical data

Physical state: liquid

Colour: reddish brown

Odour: characteristic

Flashpoint: 24 °C

Density at 59 °F: 0,87 - 0,89 g/cm³

Water resistant

Available sizes	Item no.	PU
300ml	33280	24
